Frank E. Chaney joined Rosenberg & Estis, P.C. in 2014 and is Counsel with the firm's Transactional Department. He is also an adjunct professor at NY Schack Institute of Real Estate teaching Land Use & Environmental Regulation. Chaney is an expert in zoning, land use and environmental law, having advised and represented clients on a wide range of land-use matters such as rezonings, special permits, variances, air rights transfers, zoning lot mergers and development agreements.

Chaney has overseen the design, construction and implementation of large-scale projects throughout New York and the Outer Boroughs. Those projects include:

- Hudson River Park/Route 9A
- Staten Island Ferry Terminal
- Staten Island Yankees minor league baseball stadium
- Water Tunnel No. 3

Chaney received his bachelor's degree in urban studies, economics and computer science, cum laude, from the New York University and his J.D. from New York Law School. Chaney is a member of the American Planning Association, the American Bar Association, the New York State Bar Association and the New York City Bar Association, and is licensed to practice law in New York.

Prior to joining Rosenberg & Estis, Chaney was with Bryan Cave LLP and Fried, Frank, Harris, Shriver & Jacobson LLP. Before that, Chaney was a Zoning & Development Staff Consultant with Phillips Nizer LP.

Earlier, Chaney served as Assistant Commissioner with the NYC Department of Citywide Administrative Services, where he planned for and managed the city's real estate portfolio. He was also Land Use Director for the Staten Island Borough President's Office, where his responsibilities included designing, directing and implementing the Staten Island Zoning Plan and the design, financing and planning for major waterfront redevelopments.

Chaney served with the NYC Department of City Planning as a City Planner and then as Deputy Director, developing large scale plans and projects, and major rezonings in Manhattan and Brooklyn. He also served as Senior Project Planner with the Mayor's Office of Construction, where his work included
